

Our Victory

By John Foreman & Tania Doko 2009

17th World Transplant Games

Lyrics

I only ever believed in

Only what I could see and

*Never dared to dream I could look beyond
tomorrow*

But the day is here now

And the future's clear now

*We are living proof that anything is
possible*

You've inspired my soul

It's time to reach our goal

Thanks for the moment

*Thank you for giving me the chance to see
all I can be*

Cherish the moments

Because together we will see

Standing here is my victory

Can you feel the power

United we are stronger

*And knowing you are here with me it
makes me want to fly*

The world is watching now

It's time to show them how

Thanks for the moment

*Thank you for giving me the chance to see
all I can be*

Cherish the moments

Because together we will see

Standing here is our victory

Thanks for the moment

Thanks for the moment

Thanks for the moment

*Thank you for giving me the chance to see
all I can be*

Cherish the moments

Because together we will see

Standing here is my victory
